REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The claimed subject matter in claims 1-11 is allowable because the arts of record fail to teach or fairly suggest the claimed "a method for communicating a bit stream using turbo coding comprising:

encoding each input bit in the bit stream using a single 1/3-rate turbo encoder to produce a set of three bits for each input bit;

repeating one of the three bits in each set to produce a set of four bits for each input bit;

increasing a time interval between the four bits in the set before transmitting the set of four bits on a communications channel;

decreasing the time interval between the set of four bits received via the to communications Channel;

diversity combining the received set of four bits into a received set of three bits; and

decoding each received set of three bits using a 1/3 rate turbo decoder to

recover an output bit for each input bit as in claim 1 and a system for communicating a bit stream using turbo coding comprising:

a transmitter further comprising a single 1/3-rate turbo encoder configured to

encode each input bit in the bit stream using to produce a set of three bits, a bit

repeater configured to repeat one of the three bits in each set to produce a set of

four bits for each input bit, and an interleaver configured to increase a time interval between the four bits in the set before transmitting the set of four bits on a communications channel, and

a receiver further comprising a de-interleaver configured to decrease the time interval between the set of four bits received via the communications channel, a diversity combiner configured to reduce the received set of four bits into a received set of three bits, and a single 1/3-rate turbo decoder configured to decode each received set of three bits to recover an output bit for each input bit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
